ATTEST:  11/13/20  
 City Representative Date

Staff Recommendation to City Manager: Trident Construction, 2245 Technical Parkway  
North Charleston, SC 29406

Explanation of Recommendation:

After careful line-by-line comparison of the submitted bids and their associated firms, it is our recommendation to award Trident Construction the bid to construct the new concession facility at Neptune Island Waterpark. In addition to their submitted bid, Trident Construction also provided cost saving options with their bid that would place their cost within \$50,000 of the second bid should these options be exercised. Coupled with the cost saving options presented, Trident Construction's experience with the initial construction of Neptune Island Waterpark, customer service over the past three consecutive seasons, and overall expertise will deem them as the most advantageous of the two options.

City Manager's Recommendation to Council/City Manager's Approval:
