Re: Lawton Park Pier Replacement Project

Based upon the two Quotes that have been received for the Lawton Park pier replacement, I recommend the project to be awarded to Segars Construction based on the below information.

Dempsey Construction- \$33,600.00

Segars Construction- \$41,752.00

- The quote is in line with the original request of removal and replacement of pier.
- The material specified by Segars Construction is #1 Grade vs Dempsey #2 Grade
- The actual company performing work (sub for Segars Construction) specializes in Marine Construction (D&H Dock Builders)
