RE: 219 South 4th Street Residence

Dear Councilmembers,

It is our understanding that the City is interested in having the house at 219 S 4th Street removed. Habitat would like to propose that the house be donated to Darlington County Habitat. Habitat will make arrangements to move the house to a new location in the Butler Heritage District, refurbish it, and convert it into an owner occupied home.

Habitat is currently considering a lot on 6th street to move the home, but does not have a firm commitment from the seller at this time. Should this lot fail to materialize, an alternate site will be selected.

As part of the move, Habitat will clean up the site and remove any remaining parts of the foundation.

We trust that we will have the city's support in securing any needed permits to move and relocate the structure.

Sincerely,

A handwritten signature in blue ink that reads "Mark Haenchen".

Mark Haenchen
Executive Director,
Darlington County Habitat for Humanity
