

DARLINGTON COUNTY PARKS, RECREATION and TOURISM MONTHLY REPORT

February 2017

John Wall, Hartsville Area Director

Youth Basketball has provided multiple games filled with exciting play. The season will conclude with a county-wide tournament that is sure to fill the gyms.

Dixie Softball registration is in full swing and will conclude in early March. The season starts April 1st with our annual jamboree and picture day.

Karate with **Gary Carpenter** continues to be one of our favorite choices after hours. Boys, girls and adults are taking advantage of this experience and enjoying it very much.

Wrestling with Mikey Lynch continues progress on the mat. New sessions will begin next month.

Senior Programming continues to provide a variety of activities including **board games, card games, crochet and day trips**. We have a great group that continuously take advantage of all there is to do through the **recreation department**.

We are grateful for our opportunities and those who help support us. We are also grateful for the facilities afforded us.

John Wall, North Darlington County Director

Senior Exercise in Society Hill continues to offer class three times a week. The class is held in the **Community Center**, and we look forward to seeing this class grow as others join this great group of participants.

Co-Ed Youth Basketball has begun and is in the midst of another successful second season. The team is comprised of boys and girls in the fourth - sixth grade and has five wins on the season. We most recently won two games versus **Emmanuel Christian School** of Hartsville. We defeated their green team (38-19) and white team (35-15). We will have our season ending tournament in March.
