### DISCUSSIONS:

RECREATION AND IT UPDATES: City Manager has a productive meeting with Lee Andrews and John Wall and then Councilmember Braddock. We have a pending user agreement and they seemed ok with it. It will be for the FY and not calendar year. May seek new or additional partners based on outcome of the pending user agreement.

We are working with VC3 to move from VOA to Microsoft environment due to lack of speed affecting our ability to do business. We will have a data migration to One Drive. Spectrum will review our network.

ECONOMIC DEVELOPMENT IMPACT: How do we promote ourselves, customer service, branding to tell our story with one voice, infill development, marketing and retail recruitment, and ease to conduct business? These are topics to be addressed along with others moving forward in order for us to be masters of our own domain.

CAPITAL IMPROVEMENT PROJECT LIST – PRELIMINARY DISCUSSION: The strategic planning session will be a good start.

### CLOSE MEETING- CHAIR:

Chair McGee closed the meeting at 11:40pm.

This is our report and recommendations to the full Council.
