

LOCAL SUPPORT REQUEST FOR LAND ACQUISITION

The South Carolina Governor's School for Science & Mathematics seeks support from municipal and county authorities for the acquisition of real estate parcels adjacent to its campus to support growth in its programs.

LOCAL SUPPORT REQUIREMENT

The need for local support is documented in the SC Permanent Improvement Projects Guide, published by the South Carolina Capital Budget Office. Here is the relevant guideline, found on page 32.

LETTERS OF LOCAL SUPPORT

If a land acquisition will result in property being exempt from taxation where it had not been previously, final land acquisition requests must include a letter of support from both the County and City Council(s) within whose county the property resides and the School Board(s) within whose district the affected property resides when the transaction will result in property being removed from the tax rolls.

PARCELS

GSSM seeks to acquire these campus-adjacent parcels to support future growth:
