Monthly Report

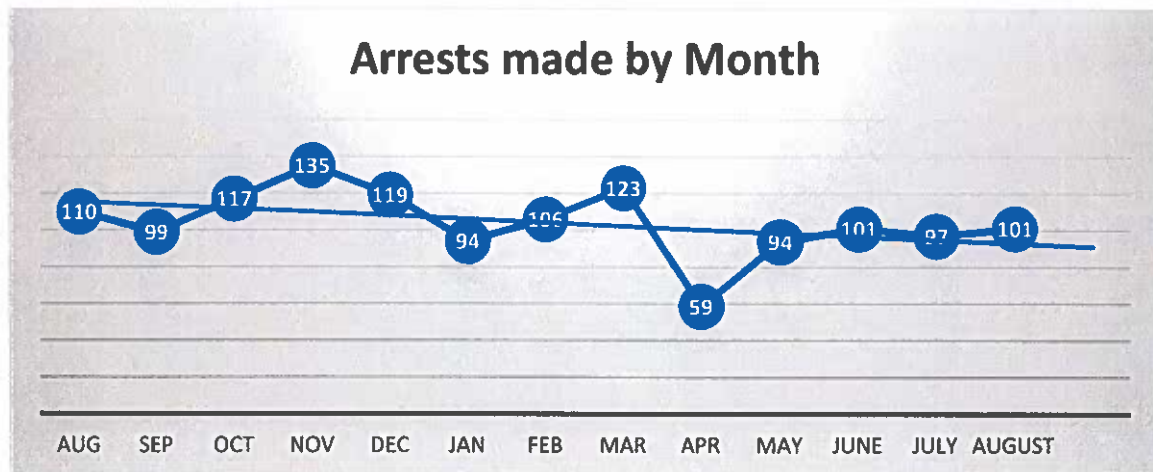

August 2023

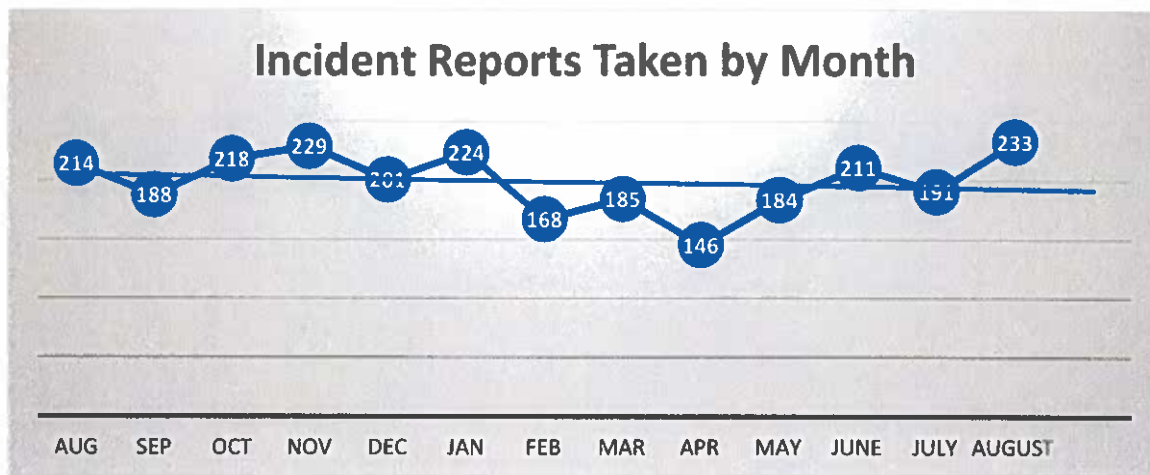

Prepared by Kelley Woodham

August 2023 saw a significant increase in tickets issued with 168. This is the fourth highest total year to date. This is due to the continuation of the CRU unit as well as new officers continuing and growing in the FTO program. I predict ticket numbers will increase or hold steady over the months ahead.

Arrest numbers for August 2023 saw a slight upswing matching July 2023. The CRU unit as well as the new officers finishing up their FTO program should make this number remain steady in the month ahead. Most arrest for August 2023 were for drug/narcotic violations as well as assaults.

Incident Reports taken are a reflection of reports actually written. A report is not written for every call. Reports taken seem to fluctuate around an average of about 200 per month, August 2023 saw a spike in reports generated from the previous months and shows the highest total year to date. This is incident reports only, accidents are now included in this data.

Arrestees and Victims

On average, between 60-65% of arrested persons come from outside the city limits, showing that we serve many more people than our in-town population.

August gave us 101 arrests, including 5 Juveniles (mostly drugs/assaults).
