Monthly Report

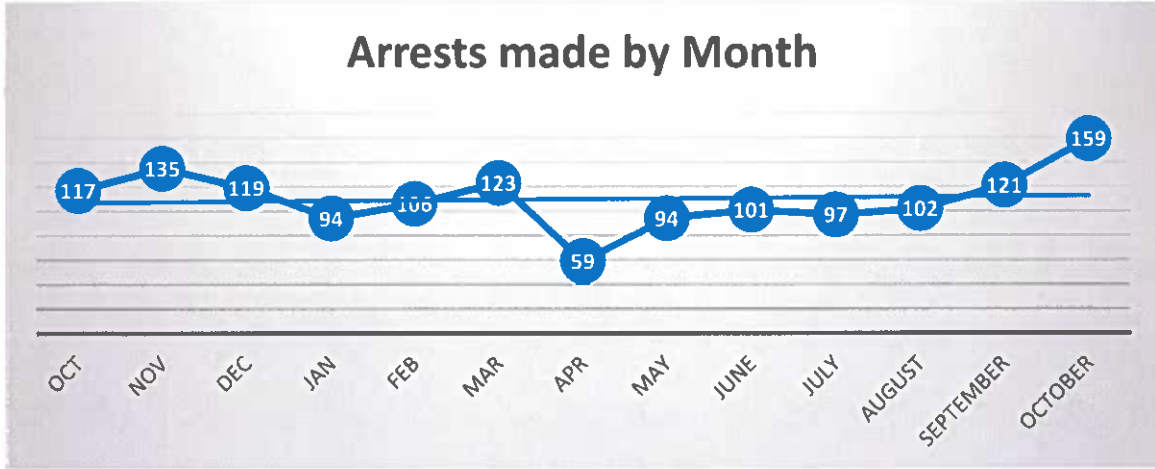

October 2023

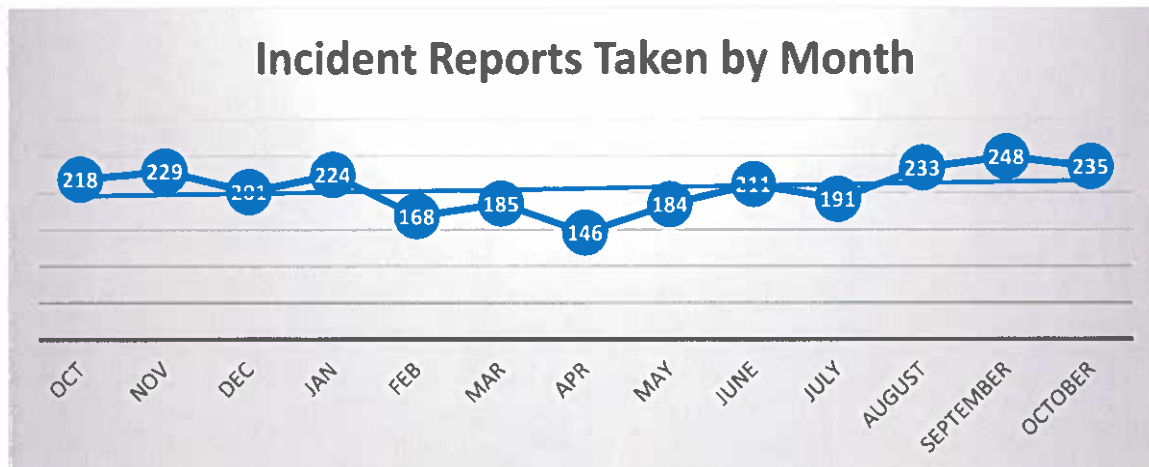

Prepared by Kelley Woodham

October 2023 showed a slight decrease in the issue of tickets from September 2023, but was still the second highest total year to date. This can be attributed to the continuation of the Crime Reduction Unit. With all of these factors as well as a new hire currently in the academy, being at or almost at being fully staffed, these numbers should remain steady over the coming months.

Arrest for October 2023 jumped up and is the highest total by far over the last year. These numbers should remain steady or climb slightly over the coming months with the success and the continuation of the Crime Reduction Unit.

Incident Reports taken are a reflection of reports actually written. A report is not written for every call. Reports taken seem to fluctuate around an average of about 200 per month, with a slight decrease over the previous 12 months.

Arrestees and Victims

On average, between 60-65% of arrested persons come from outside the city limits, showing that we serve many more people than our in-town population.

October gave us 159 arrests, including 24 Juveniles (mostly drugs and NRP).

Crime Types

Arrests consisted of the following: (Major categories, not inclusive of all arrests):
