

To: The City of Hartsville
As a representative of Pine & Lake
Garden Club, I would like to
thank you for the mulch provided
to us. Stephen Wilds (Yulium) worked
w/ us & brought the mulch to the
site near Prestwood Country Club
that we call the Triangle. The
mulch was then spread & it looks
great. By providing water & mulch
to the area, the City helps to make
this a beautiful spot every month
of the year. The roses will put
on a glorious display in the coming
months. Thank you for helping us
provide this beauty to our City!
Jane B. Jones, Triangle Committee
Pine & Lake Garden Club
