Monthly Report

November 2023

Prepared by Kelley Woodham

November 2023 showed a slight decrease in the issue of tickets from October 2023. This can be attributed the reduction in arrest for the month of October 2023 as well as the slight decrease in reports for October 2023. With the holiday season approaching, these numbers should be on the increase for the month of December 2023

Arrest for November 2023 decreased slightly from the previous month, but was still the third highest year to date. These numbers should increase in the month of December 2023, with the holiday season ramping up.

Incident Reports Taken by Month

Incident Reports taken are a reflection of reports actually written. A report is not written for every call. Reports taken seem to fluctuate around an average of about 200 per month, with a slight decrease over the previous 12 months.

Arrestees and Victims

On average, between 60-65% of arrested persons come from outside the city limits, showing that we serve many more people than our in-town population.
